

D-Contour

Pressure Relief Cushion
with Elastic Cover

Summary

The D-Contour cushion by DDO is a very effective, affordable, light weight, pressure relief cushion for wheelchair users. The cushion enables easy customization anywhere in the field to suit each individual user's needs. It can be used on any slung seat wheelchair.

Structure

The D-Contour includes a deep contoured base, a specifically designed insert, deep gluteal contour at the back and unique features which enhance pressure management and positioning. An elastic cover follows deep contours and anatomically shaped features.

The D-Contour was tested to the PDAC Immersion test modified from ISO 16840-2. Testing by EC Service, an ISO Certified Test Laboratory under ISO 17025:2005. Certified by ANSI-ASQ National Accreditation Board.

The Design is consistent with the World Health Organization guidelines on the provision of manual wheelchairs in less resourced settings and is serviceable thanks to the wheelchair service training packages.

Specifications

Unit/Size

inch (Width x Length) cm (Width x Length)

Note: The cushion length can be shortened from the front by cutting out the cushion base to the desired seat depth

SMALL	MEDIUM	LARGE	X-LARGE
14 x 18 inch 35 x 45 cm	16 x 18 inch 40 x 45 cm	18 x 18 inch 45 x 45 cm	20 x 18 inch 50 x 45 cm

Approximate Product Weight

1.2kg/ 2.5lb

Weight Capacity

114kg/ 250lb

Tested according to ISO16840-2

Yes

Cushion Material

Molded Polyurethane foam core and Expanded Polyethylene insert

Cushion Cover Material

Rear corners and bottom: Oxford Nylon water resistant, breathable;
Top, sides and front: Spandex Elastic, breathable
