Wheelchair Seating Unit

BY

## Summary

The D-Seat seating unit for wheelchairs is an innovation that fills a void in the world of assistive technology. It is modular and versatile; it can be mounted on any seat-base and contains a set of interchangeable postural supports. It boasts high quality while being the lowest cost option on the market. Its adjustability and universality make it unique. The D-Seat includes interchangeable support equipment with universal interfaces for a variety of wheelchair types and models. The D-Seat can be integrated into existing intermediate-level service delivery structures in low resource settings. All D-Seat postural support devices have been tested according to ISO 16840-3 by an independent accredited ISO lab.
