

Universal Positioning Straps

Summary

The DDO Universal Positioning Straps can be attached virtually to any wheelchair model. The straps provide support, comfort, and safety. The following models are among the full range of DDO Universal Positioning straps available.

Two Point Pelvic Belt – The Two Point Pelvic Belt improves the stabilization of the pelvis in a good seating position in the wheelchair or the seating unit. The belt tension can be adjusted easily according to the user’s requirements.

Four Point Pelvic Belt – The Four Point Pelvic Belt offers improved resistance to movement and superior stability. The secondary attachment straps reduce the pelvic belt twisting. The belt holds the pelvis in a good position when the person has a lot of movement.

Foot strap – The Foot strap helps to stabilize the user’s foot while allowing controlled movement. The strap improves comfort and tolerance for positioning.

Ankle strap – The Ankle strap helps to stabilize the user’s ankle while allowing controlled movement. The strap improves comfort and tolerance for positioning.

Calf strap - DDO Universal Lower Leg/Calf Strap is a versatile strap that can be mounted on virtually any wheelchair to provide lower leg/calf support.

Size

Various sizes are available for each model. Please contact DDO for details.
